I. GENERAL CALENDAR

- F. Default prove-up hearings – Monday-Wednesday at 8:45 A.M.
- G. Mandatory Settlement Conferences – Friday at 8:30 A.M. (cap of 6)
- H. Ex Parte matters – Monday, Tuesday, Wednesday and Friday at 1:30 P.M.

II. GENERAL PROCEDURES

- A. CMCs – The Court strictly enforces the timely filing of a CMC statement pursuant to CRC 3.725(a). Failure to comply with CRC 3.725(a), may result in sanctions being levied. Furthermore, the Court expects the parties and counsel to be fully familiar with CRC rules 3.720-3.730. This includes “specially appearing” lawyers that may be hired to attend the CMC. It is not acceptable to simply send a lawyer from your firm, or an “appearance counsel” to “get a date.” That lawyer needs to be prepared to discuss the full range of topics covered in the mandatory Judicial Council Form CM-110.
- B. MSCs – The Court uses temporary judges for MSC's, and reviews all MSC matters prior to the hearing. Failure to comply with OCLR 316 may result in sanctions being levied. MSC Statements are to be E-Filed. (They will be e-stamped “Received” and will be kept confidential.) Failure to timely file an MSC statement, or to meet and confer prior to the MSC, may result in your MSC being ordered off calendar.

- C. Post – arbitration continuances – If all parties stipulate to continue the arbitration hearing and a written stipulation is signed by the arbitrator, the Court will grant the continuance on the basis of the submitted stipulation and order. Counsel must include a declaration for good cause therewith. The order must include a rescheduling of the Arbitration Review hearing.
- D. Law and Motion – Argument/hearings are Thursday at 1:30 P.M. Every effort will be made to post tentative rulings by 4:00 P.M. day prior.
- E. Ex Parte matters – See the attached information sheet re: particulars. Be sure you meet the standards for ex parte relief. Abuse of the ex parte procedure may result in the Court setting an OSC re sanctions against the offending party. The Court also suggests you read the case of Mission Power Engineering Company vs. Continental Casualty Company (1995) 883 F. Supp. 488, which, although a Federal case decision, expresses the Court’s view on ex parte matters.

III. TRIAL PROCEDURES:

- A. Voir Dire: This Court uses the eight-pack method of jury selection. Challenges will be addressed to the group of potential jurors in the box. Usually two alternates will be selected during voir dire. In accordance with the Judicial Council’s Standards on voir dire (Cal. Rules of Court Appendix Div 1, Section A), the Court will conduct the initial voir dire of prospective jurors using applicable questions contained in these standards.
- B. The Court requires the filing of a Statement of Compliance, signed by all counsel.
- C. Jury Instructions: Each Counsel should deliver proposed jury instructions (the entire instruction, not just the CACI number) to the clerk by noon the Friday before the trial. The Court generally favors the exclusive use of CACI. Please give special attention to special verdict forms.
- D. Exhibits
 - 1. Before the first day of trial, counsel should jointly prepare an exhibit list. Each exhibit should be listed by exhibit number. The exhibit list should set forth each exhibit number along with a very brief description which includes the date of the document or a notation that the document is undated. A sample exhibit list is attached for reference. Copies of the exhibit list should be made for the Court, the clerk, the reporter, and each counsel.
 - 2. If there are more than six exhibits, and to the extent that the exhibits are standard size and not too bulky, they should be placed in circular 3-ring binders (not “D” ring binders) with tabbed dividers. Each tab should bear the corresponding exhibit number. The original exhibits, which will be used by witnesses, shall be the only binder with tabs and GREEN exhibit tags; these are the official exhibits. Another set of binders, similarly tabbed, should be prepared for the court and for each counsel. If you plan to use a video exhibit, or video-taped dispositions, or an overhead projector, the Court should be advised at the earliest opportunity since Court permission is required before these pieces of equipment can be used at trial. It is Counsel’s responsibility to supply the necessary equipment and to have it set up before trial or during recess.

3. If you anticipate any problems with exhibits, please consult with the clerk before trial.
4. Photographs are not to be marked collectively. Each photograph or computer imaged/scanned photographs must bear its own exhibit number and GREEN tag.
5. If you plan to use a video exhibit, or videotaped depositions, the Court should be advised at the earliest opportunity since the Court's permission is required before video, tape recordings, overhead projectors and the like may be used in trial. It is counsel's responsibility to supply the necessary equipment and to have it set up before trial or during a recess.
6. If counsel intends to use documents for bona fide impeachment, copies of such documents shall be delivered to the clerk in a sealed envelope marked "impeachment documents" with the name of the submitting party prior to the commencement of the trial.

E. Motions in Limine:

Read and be thoroughly familiar with the opinion and holding Kelly v New West Federal Savings 49 Cal.App.4th 659 [Sept. 1996]. This seminal case sets forth the current law on motions in limine. Motions to exclude "all hearsay evidence" or "evidence not disclosed in discovery" and the like are viewed with the disdain described in Kelly. Motions in limine are usually intended to exclude specific items of evidence not broad categories of evidence. Be specific and concrete in what you want excluded.

F. Judgments:

Upon reading of the Verdict and Discharge of the jury, counsel for the prevailing party is instructed to prepare the Judgment, which must include the exact wording of the verdict. This must be served upon opposing counsel and lodged with the court in Department C-22 within seven days of reading the Verdict. The Court will hold it for three days to allow for possible objections to be filed directly in this Department.

G. Additional Trial "tips"

Counsel shall instruct their clients and witnesses as to proper behavior around jurors and warn them about engaging in any conversation, smiles or other interaction with, or in the vicinity of, jurors or in the areas of the courthouse where jurors are likely to be present. Except when we are in session in open court, the jurors or potential jurors are to be ignored.

1. All witnesses, except children, are to be addressed only by their last name.
2. Counsel must request permission to approach a witness or diagram, etc. near the witness, but must retreat after the purpose has been accomplished.
3. Objections, statements, and arguments are to be addressed to the court rather than opposing counsel or witnesses.
