## CSUF Fieldwork Day

On November 19, 2008, Cal State University of Fullerton Human Services Department held a fieldwork day. Over 65 agencies from Orange County and surrounding areas promoted internship opportunities for students. The Keeping Kids Safe Program was represented by interns Nancy Ortiz and Gloria Garcia, who hosted and sponsored the Keeping Kids Safe Program. Several students stopped by and Nancy and Gloria were able to share their personal internship experiences they've received from the Family Court Services Keeping Kids Safe Program with fellow students. We appreciate Nancy and Gloria for taking the time to assist and support our program at this event. Thanks so much!

## La Familia Fire

A fire erupted at the La Familia offices early in the morning on October 27th, around 2 am. The building where visitation services occurred, was completely lost. Everything burned including computers, records, and toys. Zamara John and her staff at La Familia quickly teamed together to create makeshift visitation areas across the way in the administrative building, so that visitation services for parents and children were not interrupted. The support from parents using visitation services has been amazing. They have been understanding during the transition and have donated many items to the agency such as toys, games, VHS videos, and books for the children. The plan is to rebuild a new visitation center which may take anywhere from 4-6 months to complete.
