**Superior Court Announces Expansion of Online Transcript Request Program**

**Santa Ana, CA** – Effective August 22, 2014, Court users may order transcripts of criminal proceedings online directly from the court reporter. The online request is available from the Court's public website, [www.occourts.org](http://www.occourts.org), accessed from the pull-down menu under: **QUICK LINKS, How Do I ... Request a Transcript?** This service is an expansion of the online transcript request program implemented earlier this year for civil, probate, mental health, and family law proceedings.

As a result of a reduction in staff, and in an effort to expedite the transcript request process, the Court has created this automated Online Transcript Request Program. Your request will now be sent directly to the court reporter who reported the proceeding. The new process is easy to use. To initiate a request, you will need the case number of the case in which you want a transcript.
