Expanding Online Access to Criminal & Traffic Case Information for Defense Attorneys

Orange County Superior Court now offers a Web-based solution providing attorneys representing defendants in criminal and traffic cases with expanded online access to case information. Defense attorneys, whether retained or appointed to represent a defendant in a criminal case, can quickly access information about the case through the Court's Web site. By simply clicking on the case link, attorneys can view all aspects of the case including defendant demographics, filings, hearing information, minutes, and, if convicted, sentencing information.

"With the expanded use of technology, the Court is better able to serve the legal community by providing access to case information more easily, saving time, and avoiding the expense of travel to the courthouse to look at the file," said Chief Executive Officer Alan Carlson.

This convenient new service is available 24 hours, seven days a week, for a nominal subscription fee. Attorneys are invited to visit the Court's Web site: www.occourts.org and click on "Lawyers and Litigants," then click on "Criminal Defense Attorney Portal" to obtain an application to register for this new online service.

The completed application with payment should be returned to the Court by mail to the following address:
