Civil Case Document Images

ALERT: Notice and warning regarding sanctions for including social security and financial account information in filed document. Click here for details.

This website allows you to download scanned images of civil case documents. You can search for available case documents by either a case number or a party name.

Most documents filed with or generated by the Court since January 1, 2008 are included. Per California Rules of Court, documents are not available over the internet for Probate, Family Law, Civil Harassment, and Workplace Violence Prevention proceedings. Confidential and sealed cases and case documents are also not available on this website. **Purchased documents may not be available via the court's website when system maintenance is occurring. System maintenance normally occurs after 6:00 p.m. on weekdays or on non business days.**

To locate a case document, you will need to provide a valid case number or perform a name search for a party in the case. A search by party name will display a list of matching cases and filing dates. Click on the case number to view case information and a list of available documents.

Adobe Acrobat Reader is required to view, save and print case documents.

Fee Schedule

Flat fee for each case document downloaded (up to 10 pages)	$7.50
Fee for each additional document page for a document with more than 10 pages (maximum of $40.00)	$0.07

Purchase may consist of multiple documents from multiple cases.

Documents will be available on-line for fourteen (14) days from the date of purchase.
