PRESENTATION INSTRUCTIONS FOR IN PERSON HEARINGS

Prior to the Hearing

Prior to the hearing each party or counsel in the case should have created an account, familiarized themselves with the Electronic Evidence portal, uploaded exhibits, and followed the instructions of the assigned courtroom. It is recommended that you also print the Exhibit List and exhibit receipt that note the exhibit number assigned to each exhibit. These will assist when referencing exhibits during hearings.

Prior to the start of a hearing, the court will determine who will be presenting exhibits. Follow the steps outlined below accordingly.

Displaying and Presenting Exhibits (When a Party is Instructed to Display)

Court provided laptops are stationed on both tables located in front of the judicial officer. The laptops will allow counsel/parties to connect to the electronic evidence portal.

The court provided laptops should also be connected to the evidence presentation equipment. Contact the courtroom personnel for assistance if the laptop is not functioning.

Evidence Presentation Equipment

Evidence presentation equipment will be present at the tables located in front of the judicial officer. This equipment needs to be connected to the court provided laptops to display exhibits in the courtroom. See below for a photo of the equipment. Prior to presenting exhibits, the projector screen will be lowered by the courtroom personnel, and will be viewable by those present in the courtroom. The witness stand may have a monitor that will also display the exhibits as presented.

Click on the **Counsel** button with the arrow pointing towards who would like to display their exhibits. If you are sitting on the right side of the table, click on **Counsel →**. If you are sitting on the left side of the table, click on **Counsel ←**. If audio will be played from the portal over the evidence presentation equipment in the courtroom, adjust the volume by turning the volume nozzle to the right to make the sound louder, and left to lower the volume.

Clicking on the **Counsel** button will display what is currently present on the laptop screen. Ensure the items on the screen are ready to be displayed in the courtroom, as they will be viewable to everyone once the **Counsel** button is selected on the equipment. **To stop displaying the laptop screen at any point, click the Counsel button again.**

Contact the courtroom personnel immediately if exhibits do not display after clicking the **Counsel** button, or if there are any issues with the volume.

For parties who may be appearing remotely, contact the courtroom personnel for instructions.

Follow these steps when ready to display exhibits:

1. Ensure the laptop or device used to access the portal is connected to the evidence presentation equipment.

If the laptop appears to be malfunctioning, or off, contact the courtroom personnel immediately.

Prior to selecting an exhibit to display via the evidence presentation equipment in the courtroom, request permission from the court to display each exhibit.

2. Log into the electronic evidence portal prior to the start of the hearing. Enter the appropriate Username and Password. Click **Sign In**.

After twenty minutes of inactivity, parties will be automatically logged out of the portal. Prior to this, parties will receive a pop-up indicating the session will be expiring soon. To extend the session, select **Extend Session**.

3. Navigate to the appropriate case in **Court Hearings**. Select the **View** option from the appropriate case to display exhibits in the **Gallery** view.

Clicking **View** will display ALL exhibits uploaded. Select the **Counsel** button when ready to display an exhibit and after requesting permission from the Court to do so. **To stop displaying the laptop screen at any point, click the Counsel button again.**
