

Superior Court of California
County of Orange

PUBLIC NOTICE

Procurement
Contact: Sherry Z. Clifford (714) 834-3847
sclifford@occourts.org

March 10, 2009

Effective April 1, 2009
Court Bids/RFPs will be online at www.BidSync.com.

The Superior Court will transition from the County of Orange Online Bidding System to a system, independent of the County, effective April 1, 2009. The Superior Court has contracted with BidSync, www.BidSync.com, for online bid management, vendor registration, vendor database management, and related services. The Bid/RFP (request for proposal) posting on the Web site shows general information about the Bid/RFP, important dates, announcements, etc. PDF versions of the Bid/RFP document will be available for viewing or download, along with any additions, modifications, and answers to questions which may have been issued. Court vendors also will be able to submit proposals to the Court

Current Superior Court vendors will have their business data automatically migrated to the BidSync's vendor database. Vendors will receive notification directly from BidSync with directions on how to log on to BidSync, register, and become an active vendor on the BidSync site. New vendors interested in responding to Court Bids/RFPs and doing business with the Court should register at www.BidSync.com and continuously monitor the site as new Bids/RFPs will be posted online.
